REMINDER! 2012 NAFTA Blanket Certificate

Good day

With the end of the year quickly approaching, your blanket NAFTA certificates are set to expire and need to be renewed for next year.

Please be so kind and send us *all* your blanket NAFTA certificates for our records, we would be most appreciative.

If you require a list of your vendors and/or the applicable blanket NAFTA certificates, please visit our website at www.lmclark.com and log in to our CDI with your username and password. If you do not have a log in and password and would like one, let us and know and we'll set you up.

It is important that a valid NAFTA certificate is provided to us from all your vendors, even if your item is duty free without it. A customs audit could change your item to dutiable status, meaning the duty free rate may no longer apply.

Also, please be reminded that if you make a claim for preferential treatment without a valid NAFTA certificate, an Administrative Monetary Penalty System (or AMPS) transactional penalty of up to \$25,000 could apply.

If you have any questions or concerns, feel free to contact us at any time.

Yours truly,

Daniel Newport
